

## CAST Culinary Program

We're thrilled to announce the success of yet another remarkable Culinary Program at CAST! On Tuesday, March 26, 2024, we celebrated the graduation of 12 talented students hailing from all four high schools in our community.

Throughout this culinary journey, our students were immersed in learning essential cooking and baking skills, and restaurant management, and explored all facets of the culinary industry. Under the guidance of professional chefs from our area, they honed their craft and expanded their horizons.

Congratulations to Maria Lopez Giron, Leslie Santamaria, and DeShawn Pineda for their outstanding achievement! Not only did they complete the program, but they also passed the Food Safety Course and Exam. Each graduate was presented with certificates and aprons. Following the awards ceremony, everyone had the pleasure of indulging in a delicious meal prepared by our talented students
